October 16, 2026

Hon. Anne Shields
United States District Court, Eastern District of New York
100 Federal Plaza, Central Islip, NY 11722

RE: *Butler v. Suffolk County*, No. 11-cv-02602 (AYS)
Status update regarding supplemental notice and settlement distribution, and motion regarding settlement administration

Dear Judge Shields:

Consistent with Your Honor's order of July 3, 2026, the parties write to provide the Court with an update on the supplemental notice process that the Court also approved on July 3, 2026. Class Counsel also writes with respect to additional costs incurred by the Settlement Administrator. In addition, the parties respectfully request that the Court approve the appointment of Robert W. Powitz as the Court-appointed monitor contemplated by the settlement.

Supplemental Notice Process

Consistent with the plan ordered by the Court, the supplemental notice was mailed to the 9,038 individuals identified in the dataset provided by the County to Class Counsel in June 2026. A total of 769 individuals submitted timely claim forms. Of those claim forms, 32 had deficiencies, and deficiency notices were distributed to give the class members who submitted deficient claim forms an opportunity to correct them. The latest date on which a corrected claim form may be transmitted to the Settlement Administrator is October 18, 2026. However, the Settlement Administrator intends to accept as timely any corrected claim form postmarked on or before October 21, 2026, to account for the U.S. Postal Service's practice of applying postmarks when mail is processed at a regional distribution facility rather than on the date of collection. The Settlement Administrator will also allow the U.S. Postal Service until November 13, 2026 to deliver any claim form postmarked on or before October 21, 2026. Thus, on or about the close of business on November 16, 2026, the Settlement Administrator expects to have identified the complete pool of class members eligible to receive settlement funds.

To allow time to perform final quality checks of the Settlement Administrator's plan for the disbursement of settlement awards, Class Counsel respectfully requests leave to provide the Court with a further update on the distribution of settlement awards on November 23, 2026.

Settlement Administrator Costs

As part of the settlement, the Court previously approved administrative expenses of $175,000. ECF No. 740-1 ¶ 60. The Settlement Administrator has exhausted those funds and has incurred additional expenses arising from the need to disseminate the supplemental notice and to respond to inquiries from class members at a volume far greater than estimated. Class Counsel is assessing the expenses incurred by the Settlement Administrator and, following that

review, will likely apply for an award of additional administrative expenses no later than October 30, 2026. Class Counsel does not expect that the amount requested will have a material impact on the funds available for distribution to class members.

Appointment of Robert W. Powitz

The Settlement Agreement provides for the appointment of an independent external expert to provide reports to the Court regarding the County's compliance with the terms of the settlement. ECF No. 740-1 ¶ 51. The parties jointly propose that the Court appoint Robert W. Powitz, whose current curriculum vitae is enclosed as Exhibit A, to serve in this role. Mr. Powitz has extensive experience assessing conditions in jails and working with jail administrators to improve those conditions.

The County will advise the Court by November 6, 2026, of a timeline and process pursuant to which Mr. Powitz will inspect the SCCF and provide the first annual report contemplated by the settlement, provided Mr. Powitz meets with the Court's approval.

CURRICULUM VITAE

PERSONAL DATA

Born: August 29, 1942, New York City, New York
Bilingual: English / German

EDUCATION

Ph.D. Environmental Health, 1978. University of Minnesota, Minneapolis, MN
Supporting Minors: Epidemiology and Environmental Microbiology
Thesis: Some Administrative and Microbiological Considerations in the Maintenance of the Sterile Integrity of Prepackaged, Disposable Items for use in Health Care Facilities.

M.P.H. Environmental Health, 1974. University of Minnesota, Minneapolis, MN
Major: Institutional Environmental Health
Supporting Minors: Industrial Hygiene; Epidemiology and Public Health Administration

B.S.A. Agriculture, 1964. University of Georgia, Athens, GA
Major: Plant Pathology (Nematology); Minor: Agronomy

A.A.S. Agricultural Production, 1962. State University of New York, Cobleskill, NY
Major: Agronomy; Minor: Animal Husbandry (Dairy)

Master Conservation Course Certificate, 1967. North American School of Conservation
Major: Wildlife, Forestry and Fishery Conservation

Regents Diploma (Science), 1960, Stuyvesant High School, New York, NY

PROFESSIONAL EXPERIENCE

1994 - present R.W. POWITZ & ASSOCIATES, P.C.
Old Saybrook, Connecticut
PRINCIPAL ASSOCIATE: FORENSIC SANITARIAN
Provide consultation and expert witness services in environmental health, safety and environmental protection to attorneys, governmental agencies, institutions, and private industry. Primary work emphasis: Consultation and litigation support with environmental and public health issues; with specialty in risk assessment, contamination control and infection control. Specialty areas include institutional environmental health and safety, food manufacturing and environmental health training.

1992 – 1994 UNITED STATES DEPARTMENT OF AGRICULTURE
Agricultural Research Service, Plum Island Animal Disease Center
Greenport, New York
DIRECTOR: BIOLOGICAL SAFETY AND ENVIRONMENT, and BIOSAFETY OFFICER
Established biological safety, environmental health, safety, and environmental conservation policy and provided contractual oversight of all activities relating to these policies. Directed biological, chemical, and radiological safety programs. Coordinated environmental protection and environmental quality programs.

1980 - 1992 WAYNE STATE UNIVERSITY
Office of Environmental Health and Safety
Detroit, Michigan
DIRECTOR & BIOSAFETY OFFICER
Established and directed research support service unit with nine professional employees and a support budget more than $ 250,000.00. Areas covered included hazardous materials management, occupational health and safety, biological safety and biological monitoring, pest control and community outreach. Served as adjunct professor in the Colleges of Engineering, Pharmacy and Allied Health and Biological Sciences.

1979 - 1981 SAMARITAN HEALTH CENTER
St. Joseph Mercy Hospital Unit
Detroit, Michigan
EPIDEMIOLOGIST (1980 - 1981)
INFECTION CONTROL COORDINATOR (1979 - 1980)
Directed epidemiological and infection control activities in a 450-bed acute care community hospital.

1979 - HEALTH CARE RISK MANAGEMENT, INC.
Ann Arbor, Michigan and Rennselaer, New York
VICE PRESIDENT, and DIRECTOR OF OPERATIONS
Managed the technical operations of a consulting firm. Served as health care environmental health and safety expert.

1978 - NATIONAL ENVIRONMENTAL HEALTH ASSOCIATION
Denver, Colorado
POST DOCTORAL RESEARCH ASSOCIATE
Developed performance and knowledge criteria document for the environmental health sanitarian profession.

1975 - 1978 UNIVERSITY OF MINNESOTA
School of Public Health
Minneapolis, Minnesota
GRADUATE RESEARCH ASSISTANT, and DOCTORAL CANDIDATE
Conducted thesis research on passive contamination of sterile medical supplies.

1974 - 1975 RINGWOOD HEALTH DEPARTMENT
Ringwood, New Jersey
HEALTH OFFICER
Established and directed a full-service municipal health department.

1966 - 1974 STATE OF NEW JERSEY
Department of Health, Metropolitan Health District, Newark, NJ
Department of Institutions and Agencies, Trenton, NJ
SENIOR SANITARIAN: Department of Institutions & Agencies (1969- 1974)
SANITARIAN: Department of Health (1967- 1969)
INDUSTRIAL HYGIENIST: Department of Health, Air Pollution Control (1966- 1967)
Provided on-site environmental health and safety services for the State agency. Conducted health regulation enforcement activities, environmental health audits, and, served as resource consultant to local health agencies, departments and boards.

OTHER PROFESSIONAL ACTIVITIES

2003 – 2018 Health Director: Town of Franklin, CT
2005 – 2015 Health Director: Town of Lebanon, CT
2003 – 2014 Health Director: Town of Salem, CT
2003 – 2005 Health Director: Town of Sprague, CT
2000 – 2003 Special Consultant (Environmental and Public Health) to the Commissioner, Philadelphia Department of Corrections
2000 – 2002 Associate: Risk Associates, LLC, Old Saybrook, CT
1998 – 2005 Health Director: Town of Westbrook, CT
1996 – 2013 Member, Assistant Chairman, Chairman: Old Saybrook Water Pollution

Control Authority

1992 - present	Member/Manager: Terry Plum's, LLC, Old Saybrook, CT
1990 - 1992	Biological Safety Officer: Henry Ford Hospital, Detroit, MI
1981 - 1988	President: Biosafety Systems, Inc., Detroit, MI
1978 - 1980	President: Burns Park Condominium Association, Ann Arbor, MI
1977 – present	Technical Advisory Service for Attorneys (TASA), Blue Bell, PA
